

Class Lyn's Non-Negotiable!

In all of our writing, every day, we must remember the following.

- Capital letters STAND OUT, they sit on the line and are bigger.
- Between words we must use our **finger spaces**.
- We write in sentences.
- Sentences begin with a **capital letter** and end with **?!**.
- Letters and numbers are formed correctly.
- We write our letters and numbers the correct way around.
- We write from **left to right** in our books but not in the margin.
- When we stick in our work we leave a border all the way around.
- When we are writing we use our dictionaries and have a go first.
- Remember never hand in work without reading it through first.
